

## Supporting your workforce

### with our Awareness of Home Working course

With so many people in the workforce now embracing home working, employers must consider the challenges of supporting their home working staff to continue to work safely, just as they would with any employee.

Equally, home workers must take care with their own health and safety. If you're an employer, hybrid, or home working employee then this course is for you.

### The changing workplace

This Awareness of Home Working online training course is packed with current information and engaging activities, looking at what home working is, risk assessments and controls, safe use of display screen equipment (DSE) and mental health and stress.

 <p><b>What is home working?</b> Explore the benefits</p>	 <p><b>Supporting home workers</b> What should be considered?</p>	 <p><b>Risk assessments</b> Understand the risks and hazards involved</p>
 <p><b>Electrical equipment in the home</b> Safety tips</p>	 <p><b>Conditions for home working</b> The key to working safely and successfully</p>	 <p><b>Display screen equipment (DSE)</b> What does it mean?</p>
